

## Terrier Lifting Clamps and Equipment – Quality Clamps You Can Trust

For more than 30 years Terrier is a worldwide known brand which stands for high quality lifting solutions and service. Terrier Lifting Clamps BV has six main values we stand for.

### Absolute Safety

Terrier Lifting Clamps BV believes absolute safety and safe lifting is our number one priority. All our lifting clamps are tested on up to 2 times the Working Load Limit (WLL). Terrier lifting clamps are designed on a break factor of even 5 times the WLL. Each clamp has red signal colouring on the lifting eye and locking lever for extra safety and is supplied with a test certificate. When using Terrier clamps please make sure to read our safety instructions in the "Safe Lifting" section on page 6 and 7 and the supplied user manual.

### Guaranteed Tough Quality Made in Holland

Terrier tough quality lifting clamps guarantee a high performance and a long operational life. They are maintenance-friendly and have "heavy duty" welded shell bodies. The lightweight and streamlined design make them easier to handle. Terrier lifting clamps meet all standards and requirements like: European Norm NEN 13155, American Norm ASME B30.20-2010, Australian Norm 4991 and European Machine Directive 2006/42/EC.

### Fast and Flexible Delivery and Service

Terrier Lifting Clamps BV guarantees fast and flexible delivery of standard and even special lifting products. Terrier Lifting Clamps BV offers rapid, skilled and professional sales service and after-sales spare parts service. Next to this Terrier Lifting Clamps BV offers specific technical, sales and or instruction trainings upon request and given where needed.

### Modern Production, Innovation and Technical Know-how

Terrier lifting clamps has a strong focus on innovation. We can help you with almost every special made clamp or lifting product. The production facilities for the production of Terrier lifting clamps is equipped with very modern machineries for efficient production on a constant high quality level. Engineering and technical know-how is on the highest level according to the latest industry standards and demands.

### 30 Years Worldwide Experience

The Terrier Lifting Clamps BV team has more than 30 years of sales experience on a global level and has a highly experienced engineering and technical team. Terrier Lifting Clamps BV relies on and works with a strong and professional worldwide distributor network which ensures that the expected quality and service is guaranteed. Terrier Lifting Clamps BV is ISO 9001-2008 certified.

### Professional and Personal Contact

Terrier Lifting Clamps BV is proud of her no-nonsense personal and professional contact and makes sure you will always get the highest service expected. You can find us through a Terrier distributor, call us or check our website.

## 5 Years Warranty - Tough Quality Guaranteed

Terrier Lifting Clamps BV provides a 5 year extended warranty on its lifting clamps. The standard warranty is 1 year. This extended warranty is applicable to the original end user of the lifting clamps, only if the clamp has been inspected, checked and maintained by our instructions and by an official dealer. The extended warranty period of 5 years is valid from the date of purchase, and is liable to all conditions and terms stated in this document.

### Product Tracking

Product model type, serial number, working load limit (WLL), jaw opening, CE mark and year of fabrication are permanently stamped on the body. Company name, logo and website address is communicated with a sticker. For the US a special ASME BTH-1 design category and service class sticker is added. Model, serial and order number, working load limit (WLL), jaw opening and testing date are included on the test certificate. A product manual with inspection schedule is delivered with every product.

### Conditions

This extended warranty covers failures in the lifting clamp which are the consequences of production errors which occur during normal use. The warranty does not cover wear to components such as pivots, cam assemblies, lock springs, etc. Should there be failure within this guarantee period, the lifting clamp will be replaced or repaired. Please check the product manual for extra warranty coverage info.

The producer is not responsible for incidental damage or damage due to wrong use of the lifting clamp as well as from violation of the guarantee manual.

### Safety Inspection Procedure

All inspections and repairs must be written down in the maintenance diagram/log. The clamp must be inspected prior to usage. When the clamp is returned for maintenance inspection you must always provide the maintenance diagram/log.

### Defective Lifting Clamps

When wear or damage is indicated, the following steps need to be taken immediately:

1. TAKE THE LIFTING CLAMP OUT OF USE
2. If failure is in question please note the date of failure of the lifting clamp. Try to recover the cause of the failure, for example, overload; wrong and/or carelessly use; not following procedures and measures; hoisting differing material other than indicated on clamp or stated in the user-manual; adapting and/or modifying of the Terrier clamp. These claims do not fall under the guarantee! To guarantee the safety of you and your colleagues, you are obligated to follow this procedure
3. Return your lifting clamp (with the maintenance history) to your authorised Terrier distributor.
4. If the lifting clamp has been revised / repaired by your distributor, you can safely use your clamp again. Please note this date in your maintenance chart (product manual).
