## **Product Information - Gunnebo Lifting**

### **New GrabiQ Products**

**We have the pleasure to inform you that we have increased our GrabiQ product range with several new sizes / products.**

#### **Chain Tensioner, T**

With the new ratchet Chain Tensioner T - for lashing chain according to EN12195-3, we adding also another component to the multifunctional GrabiQ range. Now also for cargo securing. The T-chain tensioner in combination with the MidGrab shortener (MIG) is the ultimate solution for safe lashing.

We have size 8 and 10 mm in stock. T-13-10 will be ready during autumn 2006.

#### **Midgrab shortener, MIG**

Midgrab shortener, MIG, as we have mentioned before, is a multifunctional, innovative and patented product in the GrabiQ range.

As an "optimal, retro-fit" item the Midgrab will instantly add the shortening function directly on to a chain sling in any lifting application without the use of tools.

MIG-8-10 and MIG-10-10 are in stock. MIG-13-10 will be ready during autumn 2006.

#### **Coupling link, G**

Coupling link G, the universal lifting component for building lifting slings, now in the GrabiQ range in sizes 6 -16 mm with all sizes in stock.

#### **Swivel Safety hook with griplatch, LBK / LKBK (LKBK with ball-bearing)**

We have also the Swivel Safety hook LBK and LKBK in the GrabiQ range, Sizes 7/8, 10 and 13 mm, with all sizes in stock.

### **Grab hook, GG**

The Grab Hook GG in GrabiQ range - now in sizes 8 mm - 16 mm.

Enclosed you will find dimensional drawings for above GrabiQ products.

For prices - Please contact your Export Sales Manager.

### **FlexiLeg - QuickPin - for safe exchange of sling legs in seconds.**

The C-shaped part of the CG/CGD can enter the master link only over the flat section. By means of the QuickPin the C-entrance will be closed or opened just by a finger-push without any hand-tools.

QuickPin;

- instant close/open function
- fits all GrabiQ C-connectors
- hand maneuvered, no tools needed
- permanent mounting with a retaining pin.

See also enclosed drawing with article number.

### **Lifting Point - SLP 5 T - Grade 8**

The Lifting Point, SLP 5T have a new design - now with a stay-up function included. It is possible to order the SLP with or without spring.

Art.no: Z700905    SLP 5T without spring  
Art. no: Z700986    SLP 5T with spring

### **Planned activities for our Safety hooks, BK, BKL, BKLK and BKG.**

- New design for safer handling - the trigger will be recessed in the hook. The new safer design will, successively during 2006, be implemented on all our BK hooks in sizes 10, 13 and 16 mm. (BK, BKL/BKLK, BKG). At the same time will the hooks be upgraded to Grade 10. BKG will still be produced in both Grade 8 and Grade 10.

- The rivet to BK and Griplatch hook in size 6mm - 13 mm will, during 2006 / 2007, be changed to a symmetric rivet, same type as we have on the bigger sizes today.

### **Old version of GrabiQ ID-tag**

We have some of the old GrabiQ ID-tag, with blank backside, in stock for sale.

Please contact your Export Sales Manager for more information.

### **Long link chain**

We will from new year 2007 rename all our HL and HLC chain to LL. We would like to inform you that we will remove our LL-16-8 out of the programme at the same time, but you can still place your order during the autumn 2006.

Our HLC-16-8 will from the new year be named LL-16-8.
